Letter of Reference

To whom it may concern,

BeneDictum Kft. has been supplying translation services to Remy Automotive Europe and BPI Group Hungary Kft. since 2013. The translation office provided us with a total of 189 258-character-translation including technical texts, contracts and business letters in the following language pairs:

- HU-EN, EN-HU
- FR-HU
- DE-HU
- NL-HU

BeneDictum Kft. has been able to cope with the professional translation of high volumes even overnight. In case of pdf files, they have quickly completed also the desktop publishing of the translations producing the same format the source files had. I absolutely recommend them also to clients who need interpretation and translation services for large-scale industrial projects, for the construction of factories and for the installation of industrial processes. I give my consent to BeneDictum Kft. using this letter of reference for marketing purposes.

Best regards,

Orosz Tamás
Plant manager
